London Builders & Building Contractors specialising in House Extensions

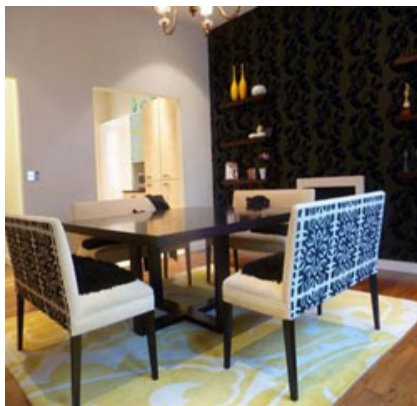

London Builders - Building Contractors London - House Extensions London

Artdom Construction Ltd - Building Contractors London, has expanded vastly due to recommendations and clients satisfaction. Specialising in all sorts of **refurbishments, house extensions, loft conversions, garage conversions, kitchen extensions, office refurbishment, bathroom fitting, external house insulation, decorative renders** and many more.

Established in 2002, we have grown in size, quality and ability becoming a member of various Building and Public organizations. We are members of Federation Master of Builders and European Builders Confederation. All work, whether private or corporate is fully insured and guaranteed with no hidden costs or fees.

At Artdom Construction we work extremely hard to ensure that our clients receive a quality of service that continues to build our reputation.

We will happily provide you with testimonials of our satisfied customers, who will give you their opinion about the quality of our workmanship.

Testimonials

With our experienced and professional yet friendly team, reliable equipment and efficient service. We provide a full range of installation, renovation and refurbishment work, managing projects completely from beginning to end. We always work within strict health and safety regulations in order to remain safe and create building projects that are not only good to view but also structurally secure.

Clients who work with us for one project return to Artdom Construction Ltd for all their future construction needs. They value the relationship we build with them and appreciate our commitment to quality, budget and schedule.

London Builders - **Polish Builders London** providing construction and refurbishment services in West London,

South-West London area, Surrey and Middlesex, North London and North - West London
